Can I vote in Kansas?

You can register and vote in Kansas if you meet all of the following qualifications:

- You are a United States citizen.
- You are a resident of the state of Kansas.
- You are at least 18 years of age.

How do I register to vote in Kansas?

You can register by:

- Completing the federal voter registration form (www.eac.gov/voters/national-mail-voter-registration-form) and mailing it to the address listed on the form;
- Using the state voter registration form (<https://www.kssos.org/forms/elections/voterregistration.pdf>) and mailing it to the county election official.

You do not need to provide a document proving your citizenship to register to vote using either form.

I don't have a permanent residence right now, what address do I use to register?

You can use the address of any location where you regularly stay including a shelter, house of worship, or park. Although it is not required, it is best to register at an address where you regularly stay AND can receive mail so that you can receive notifications about polling location changes, respond to inquiries about your residency, and receive notice of any problems with an absentee ballot.

Can I have my mail ballot delivered to the shelter even if I registered at a different address?

Yes, you can have your mail ballot delivered to any temporary residence including a shelter. However, you should update your registration if you don't intend to return to the address at which you registered.

Can I register at a P.O. Box?

No, Kansas law requires you to register at a place where you live.

What is the voter registration deadline?

In order to vote in the November 3, 2020, general election, **you must submit your registration by October 13, 2020.**

What if I have problems at the polls?

If you are not on the voter list, first ask a poll worker to check the list again and to confirm that you are at the right polling place for your address. If you are at the right polling place, but your name is not on the voter list, ask for a provisional ballot. If you are at the wrong polling place, ask for help finding the right one.

If someone tries to harass or intimidate you, tell a poll worker right away.

If you're unable to resolve the problem by speaking with a poll worker, call the Election Protection hotline at 1-866-OUR-VOTE.

Can I still vote if I have been convicted of a crime?

Yes. If you were convicted of a misdemeanor, you can vote. If you were convicted of a felony, you can vote once you complete your sentence, including any probation or parole. You will have to re-register to vote once your sentence is complete, per K.S.A. 22-3722.
